

HX-2400 TC DVB-T2/C

Full HD Hybrid Digital Receiver

Zehnder HX-2400 TC Hybrid Receiver

The HD hybrid receiver is equipped with a hybrid tuner that enables reception of digital terrestrial channels (DVB-T2) or cable television programs (DVB-C). It offers a wide range of connectivity options: a USB 2.0 port, LAN port, digital audio output (COAXIAL), SCART connector, and HDMI port. Optionally, a Wi-Fi antenna can be connected via the USB port. After connecting an external hard drive, the device becomes a multimedia station, allowing the user to play photos, videos, or music files. Thanks to the programmable remote control, you can learn control signals from your TV and operate your television.

Main Features:

- The hybrid DVB-T2/DVB-C tuner (HDTV, H.265 HEVC) enables reception of terrestrial and cable digital TV channels in Full HD 1080p quality.
- Support for HDMI, SCART, and digital COAXIAL audio output allows connection of various devices and ensures high-quality picture and sound.
- Internet features are available when connected to a LAN network or via an optional USB Wi-Fi adapter.
- The USB 2.0 port enables playback of photos, videos, and music directly from external storage, as well as program recording (PVR) with timeshift function.
- The backlit LED display makes operation intuitive and convenient.
- Electronic Program Guide (EPG) and multilingual on-screen display (OSD), plus features such as teletext, parental lock, timer, and subtitles for the hearing impaired.
- Automatic standby mode and easy software updates via USB enhance user convenience.
- The receiver can be controlled with a programmable remote that allows operation of both the set-top box and the TV.

Hardware:

- Hybrid DVB-T2/DVB-C tuner supporting the H.265 (HEVC) standard.
- Connectors: HDMI, USB 2.0, LAN, SCART, COAXIAL (digital audio), antenna input, and output for an external 12V power supply.
- Four-digit LED display on the front panel ensuring clear information visibility.
- Powered by an external 12V adapter.
- Supports 5V power supply for active DVB-T2 antennas.
- Compact and durable housing with clearly marked ports and a protection system against moisture (for indoor use only).
- Ability to connect an external hard drive for recording and playback of multimedia content.

Product Data:

Product weight (net, g): 372 g
 Product length: 105 mm
 Product width: 167 mm
 Product height: 36 mm

Single Package:

Package weight: 655 g
 Package length: 202 mm
 Package width: 214 mm
 Package height: 54 mm

Master Carton:

Carton weight: 15.2 kg
 Carton length: 550 mm
 Carton width: 440 mm
 Carton height: 442 mm
 Quantity per carton: 40 pcs

Palletization:

Cartons per layer: 4
 Number of layers: x
 Pallet height: x
 Pallet weight: x
 Quantity per pallet: x
