

DESCRIPTION AND DATA

Experience top-quality entertainment with our advanced DVB-S/DVB-S2 receiver, designed to bring convenience and functionality to your home. Enjoy crystal-clear Full HD 1080p resolution and seamless connectivity with HDMI and USB 2.0 ports. With features like PVR recording, Timeshift, and a 7-day EPG, you'll never miss your favorite shows.

The receiver supports WiFi (optional antenna), offers multilingual menus, and includes subtitle and audio description options for accessibility. Its programmable remote, parental control, and energy-efficient ECO mode ensure ease of use and sustainability. With robust compatibility including DiSEqC protocols and DOCS standards, this is the perfect device for modern, versatile viewing.

Upgrade your home entertainment today!
